Dear Valued Customer,
Re: Recycled Content of CC/NB by DAE HAN PULP CO., LTD.

We hereby confirm that the CC/NB that we are selling in the U.S. is 100% recycled fiber, including a minimum 75% of which is either from Post Consumer waste source or from Deinked Recycled Fiber. No Virgin pulp is used in the making of the CC/NB that we distribute.

Sincerely

A handwritten signature in black ink, appearing to read 'T. Eisenmann, Jr.', written in a cursive style.
