

## MSDS DECLARATION

We received your request for a Material Safety Data Sheet for pulp or paperboard. Our Idaho mill has neither created nor issued a Material Safety Data Sheet because our products do not require MSDS for the following reasons according to Title 29 Part 1910, Section 1200 of the CFR:

- *"This section requires chemical manufacturers or importers to assess the hazards of chemicals which they produce or import, and all employers to provide information to their employees about the hazardous chemicals to which they are exposed, by means of a hazard communication program, labels and other forms of warning, material safety data sheets, and information and training."*
- *"(6) This section does not apply to:"*
  - "(v) Articles (as that term is defined in paragraph (c) of this section);"*
  - "(c) Definitions.*  
*Article means a manufactured item other than a fluid or particle:*
    - (i) which is formed to a specific shape or design during manufacture;*
    - (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and*
    - (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical (as determined under paragraph (d) of this section), and does not pose a physical hazard or health risk to employees. "*

We are neither a chemical manufacturer nor chemical importer. Our pulp and paperboard products are considered to be articles and are not considered to be chemicals as defined by this legislation and under normal conditions of use do not pose a physical or health risk.

In accordance with Title 21 of the Code of Federal Regulations, guidelines for manufacturers to provide a guaranty letter for articles, Clearwater Paper Corporation provides an FDA compliance letter addressing the suitability of using our pulp and paperboard products for food contact end-uses; this letter is our guaranty that our pulp and paperboard products are manufactured in compliance with FDA guidelines.
